Dear Mr. Goetz,

I want to personally say *thank you*, on behalf of the Phoenix Fire Department and the Arson Investigations Section, for your support to us and your community with the generous loan of your mobile alarm system equipment during the trying efforts to apprehend the arsonist of the mountain preserve fires. Due to our combined efforts, I'm sure we can (and are) all thankful this has been resolved.

It is citizens like you who are willing to lend a hand when you can that make this community - and this city, the best in the world.

With Sincere Thanks,

Alan V. Brunacini
Fire Chief
Phoenix Fire Department
